JACKSON SQUARE IS HAMILTON

EVERYTHING CONNECTED TO

"It's located next to Jackson Square . . .", is the quote from real estate agents. Everyone wants to be connected to the Square because Lloyd D. Jackson is . . . the heart of the city.

Located at Hamilton's downtown intersection, Jackson Square is immediately accessible to all public transportation, major inter-city expressways, Hamilton Convention Centre, Public Art Gallery and Harbour Place Theatre Auditorium. Hamilton's main branch of the famous 150 year old Farmers' Market, 18,000 Copps Coliseum and the 5 star Sheraton Hotel are all a simple controlled, indoor step away.

WORKING TOGETHER

The business environments of the next century will require the highest levels of information integration. Office environments will be ergonomically designed for ease of internal movement and the personal comfort of employees.

Working as a team has never been more important. From our own team of building services support staff, to the office environments of the next century and the integrated business support of lawyers, accountants, financial institutions, brokerage houses, insurance firms, government services and corporate head offices; Jackson Square offers you the chance to make the connection. You can do business at Jackson Square.

For information on leasing opportunities in the "core connection", contact Lloyd D. Jackson Square, contact Jim Thompson at Stelco Tower, 100 King Street West, Suite 330, Hamilton, Ontario L8P 1A2.

PUBLISHER'S NOTES

• During the process of assembling the listings for this 1997 BUSINESS DIRECTORY & BUYERS GUIDE, the publishers encouraged as many eligible Greater Hamilton businesses as possible to submit the information necessary to ensure the inclusion of the business in the publication.

Those who responded received a FREE listing. Those which did not, but wish to be included in the 1998 edition, should contact THE HAMILTON AND DISTRICT CHAMBER OF COMMERCE, 555 Bay Street North, Hamilton, Ontario, Canada L8L 1H1. Tel: (905) 522-1151/Fax: (905) 522-1154.

• ADVERTISING AVAILABILITIES: Those businesses wishing to market their goods and services in the 1998 BUSINESS DIRECTORY & BUYER'S GUIDE should contact THE HAMILTON AND DISTRICT CHAMBER OF COMMERCE (905) 522-1151. Rates are affordable.

This 1997 Greater Hamilton Business Directory and Buyer's Guide is published by The Hamilton and District Chamber of Commerce, in cooperation with the Economic Development Department of the Regional Municipality of Hamilton-Wentworth.

Inquires should be addressed to:

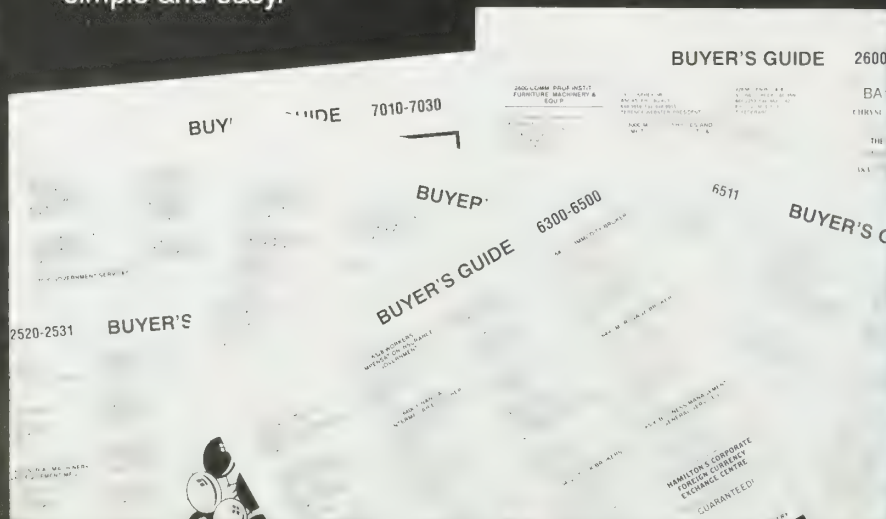

The Hamilton and District Chamber of Commerce
555 Bay Street North, Hamilton, Ontario L8L 1H1
Tel.: (905) 522-1151 Fax (905) 522-1154

HOW TO USE THIS DIRECTORY

For your convenience, this Directory has the following sections:

- SIC Code Alphabetical Company Directory (Pages 6-12)
- Greater Hamilton Region Buyers Guide (Pages 13-78)

To locate a company within the Buyer's Guide section of this Directory (Pages 13-78), refer to the "SIC Code Alphabetical Company Directory" section (Pages 6-12). This will make locating the company in the Buyer's Guide simple and easy.

At Bell, we believe
there's no business
quite like yours.

So it'll come as no
surprise that we

also believe your communications needs are unique.

With the Advantage Savings™ program, we can help
you find the way to maximize your savings on business
calls. Because we'll do things other phone companies
might overlook. Like monitoring your calling patterns,
analyzing your long distance bill, and even factoring in
all direct-dialed calls made via your fax, modem,
Advantage Teleconferencing™ and Advantage Calling
Card™ services. Which then translate to savings you may
not have thought of before.

All you have to do is make one more call. Dial 310-Bell.

ADVANTAGE™

Ironically,
The Secret
To Saving
Your
Business
Money
On Long
Distance,
Is To Make
Another
Call.

THE POWER TO REACH

Today's Spectator delivers a powerful blend of local news coverage and insightful editorial, alongside a strong mix of all the features you'd expect in a complete newspaper package. With a weekday readership of 299,000 and a weekend readership of 323,000* no other local media can match The Spectator's Power to Reach the market.

The Power of...local news, daily reach, instant impact in a thriving, prosperous community. The Power of The Spectator.

Call our Advertising department at 526-3477 and find out more about The Power to Reach.

The Spectator

Not your average town. Not your average newspaper.

© 1998 W.L. Griffin Printing Limited

A Tradition of Excellence

THE GRIFFIN — a mythical fusion of lion and eagle — made its original appearance in the folklore of the Western World as a guardian of gold. Once the creature found something of value, the stories went, it instinctively guarded the treasure with its very life. Thus grew the legend — and as heraldry blossomed in the Middle Ages, the Griffin became a familiar symbol of printing — an emblem of wisdom, consistency and craftsmanship.

At W. L. Griffin Printing Limited, we're proud to display the Griffin Emblem, symbolic as it is both of our name and of our philosophy of doing business.

As a young slugger...

and today as
a steelmaker,

Paul Schurter

is a strong team player.

Paul, an Engineer Specialist, is one of the Dofasco participants in the development of an Ultra Light Steel Auto Body shell that will be superior to anything on the road.

"It's very exciting. It's a very rational approach that takes advantage of the high strength steels currently available. We're not finished yet, but we've made great progress to date."

Dofasco people are working with a team of 31 leading steelmakers from around the world on this cooperative project. The Ultra Light Steel Auto Body (ULSAB) has reduced weight and cost, while improving the strength and safety of the body shell structure. It's a development that will ultimately benefit consumers across North America and beyond. As one of North America's leading producers of value-added steels, Dofasco is actively involved in the development of new-age technologies. Dofasco is ready, today, to respond to tomorrow's needs of automotive manufacturers – a unique competitive position that will translate into a strong bottom line.

It's the sort of challenge that Dofasco people have always delivered on.

The performance-tough components engineered from Slater steels are called on to perform to the max - on the job, every day, on demand. Many of North America's leading manufacturers already choose

Slater steels for connecting rods for high-performance engines, job-tough implements, and other high-stress parts for automotive, agricultural, and consumer products. We can handle the stress.

**Our Team Has A
Great Track Record***Intermodal
Freight Systems*

Since 1912, National Steel Car has been designing and building quality railway freight cars that have always been right for the times. Along the way, we've developed innovations that have set the pace in moving freight efficiently and economically. Notable examples include unit trains for bulk products, the multi-purpose freight car, and all purpose and stand alone double stack well cars.

National Steel Car has always been one of North America's most productive manufacturers of railway freight cars and parts. Our design teams use the most modern technology available, including CAD, finite elemental analysis, robotics, and computer-driven fabrication techniques. All to assure that an NSC freight car will always deliver the goods.

Our wide quality assurance program, instituted in 1987, is certified and registered to the standards of the International Standards Association. But, we didn't stop there. We are continuing to upgrade to the highest standards in the industry.

Our experienced professionals, who take pride in their efforts to build quality products, have the wealth of design and building expertise at their disposal. We like nothing better than to put its track record to work for you.

COMMITTED TO THE ENVIRONMENT

Being an industry leader means more than the size of a company's assets or the number of locations. It's going above and beyond ordinary measures to protect the best interests of the customer; against even the toughest odds. In Premier Waste Systems Ltd. case, it means overcoming the challenges resulting from the continual redefinition of the customer's environmental needs.

At a time when other waste companies have turned away from their customer's needs, we've strengthened our commitment to the environmental, by delivering sound solutions to your business needs.

WE DO MORE THAN PICK UP AFTER YOU

Laidlaw Waste Systems does it all and then some.

Smart companies all over North America are seeing how waste removal and recycling can impact the bottom line.

Laidlaw Waste Systems is one of North America's largest solid waste management companies. We provide more than just value through a broad range of fully integrated waste and recycling solutions. We offer solutions tailored to the bottom line of your business.

INTERMETCO LIMITED

PEOPLE. PRODUCT. SERVICE.

Backed by a century of experience and a wealth of industry expertise, Intermetco Limited tailors its products and services to satisfy the needs and delivery requirements of the people we do business with in markets worldwide.

We are Canada's foremost recycler and processor of scrap metal products. In addition, we manufacture and distribute pipe, structural pipe and tubular products across North America, as well as warehouse, process and package galvanized and galvanized steel in Canada.

As respected professionals in the steel industry, Intermetco is committed to providing a ready supply of quality product and the comprehensive range of value-added services that our customers and suppliers need to remain competitive, cost-efficient and profitable.

FINANCIAL CONCEPT GROUP

Paving the road to a brighter financial future

To many, information is the most important commodity in today's world. The goal of Financial Concept Group is to ensure its clients not only get the information they need, but information they understand. Indeed, one of the company's main objectives is to advise and educate consumers in the best methods of planning for, and realizing, their financial goals.

"Our entire financial planning process really supports this whole idea that people should be informed and have knowledge," explains Rick Kennedy, who heads up Financial Concept Group's Burlington branch. "If clients understand why we have made recommendations, they're more committed to the long-term plan, and therefore more likely to attain their long-term objectives."

With more than 250 advisors in 40 branches across Canada, Financial Concept Group is one of the largest independent financial planning firms in the country, which gives it the size and flexibility to best address the needs of its clients. In the integrated Hamilton and Burlington branches alone, some 32 advisors meet the needs of more than 8,000 investors every year, simultaneously planning for their future while taking care of current concerns.

The company's mission statement offers a straight-forward, no-nonsense approach, promising to "professionally deliver quality financial services and products that assist all constituents in discovering and realizing their financial and life goals."

"Our independence allows us to select from literally thousands of different financial products," explains Don Bridgman, "ensuring that our clients receive the best possible products available."

The professionals at Financial Concept Group are well aware of the role that trust plays when dealing with a commodity as precious as one's financial savings. In a struggling economy where every dollar

LEFT Don Bridgman RIGHT Rick Kennedy

makes a difference, clients need to know their investments are being handled in the most responsible manner possible. That means building a solid client-investor relationship with one specific financial advisor; a relationship built on consistency, honesty and knowledge. Financial Concept Group understands that personally knowing – and trusting – the individual who handles your financial affairs can afford great peace of mind.

With one-on-one relationships a priority, the company tends to attract serious-minded people who have a decided interest in their current economic well-being as well as their future – clients who understand the value of enlisting the assistance of an expert advisor to cut through the often confusing world of financial products and services. For example, with more than 1,000 mutual funds offered in Canada, Financial Concept Group has developed a proprietary

databank that can analyze the strengths and weaknesses of each fund and advise individual investors on the best combination of funds for them.

Education is another key to success.

Not only does Financial Concept Group work to make the complexities of the financial world understandable to average people, the advisors who work for the company receive up-to-date information on a regular basis through routine professional development programs. The company also spends over \$200,000 per year on educational forums that assist its clients in keeping abreast of issues in the economy, investment trends and tax reduction strategies.

A key component to Financial Concept Group's overall philosophy is to represent the investor rather than the investment. It's a simple rule – one that guarantees that the financial health of the client will always remain the highest priority.

If Your Computers Are Consuming Time Instead Of Saving It, What's The Point?

The Point Is Time. Time lost on the job is money lost in Productivity. That's why Productivity Point International's instructor-led training can make a real difference. We can maximize the return on your training dollars by offering you:

- Needs analysis and Skills assessment
- Customized classes targeted towards immediate on-the-job transfer
- On or off-site training and support
- Microsoft and Lotus Authorized Education Center
- Technical certification courses for IS Professionals in Lotus and Microsoft
- Authorized Prometric Testing Center

To put more productive hours in your days call

Can You Provide a Co-op Placement?

Hamilton Board of Education schools and local businesses are working together to prepare students for "real world" challenges

Thanks to more than 1,000 area employers, many of our students already benefit from Co-op placements.

However, we still need placements for our many able, talented, gifted and physically or mentally challenged young people. Placements could range from high tech. medicine or science to packaging,

food services or maintenance positions
For more information, please contact
Co-op Education at 527-5092, ext. 2317

Thanks for
your support!

FOR THE CITY OF HAMILTON

Serving Today, Building Tomorrow

**Hamilton-Wentworth Catholic Schools**

'Believing, Achieving, Serving'
'Croire, Réussir, Servir'

21st century Canada will need skilled workers, leaders with vision and men and women of character who can solve problems, seize opportunities and blaze new trails of excellence. Our schools focus on the spiritual, social and academic development of more than 27,000 students at 54 elementary schools and six secondary schools in Hamilton-Wentworth. Our graduates serve the community in a wide range of occupations/vocations. Since 1969, we have offered fully inclusive education, in neighbourhood schools, for the disabled, under our philosophy that 'Each Belongs'. We offer a wide range of programs, from Early Childhood Education through OAC (Ontario Academic Credits) as well as Continuing Education which includes a host of adult learning programs. For more information, please call the Office of the Director of Education, 905-525-2930 ext. 2181.

TRAINING PROFESSIONALS SINCE 1989

Investing in a Lifetime

Originating from two founding schools, Hillfield-Strathallan College provides a progressive education for over one thousand day students. Students are

engaged in a useful and productive balance of practical, intellectual and personal skills through the core of curriculum appropriate to each school area.

The Early Education division includes both Montessori and Primary Schools, which takes the child from the half-day "Casa" program and full-day JK to Montessori -9 and Grade 4. The Junior School, grades five to eight, has an innovative program that encourages the integration of skills used in later academic endeavours. The Senior School offers a fully-specialized program from grade 9 to university entrance.

All four school divisions benefit from a resource-rich base that includes extensive computer facilities, age-appropriate materials and collections, design studio space, arts facilities for music and theatrical performances, and excellent facilities for our extensive athletics program. Lunches and transportation are provided for all day students.

To find out more about our practical and valuable academic program or to arrange an informal visit, please contact our Admissions Secretary.

Behind Chedoke Rehab Services, lies a deep-rooted commitment to individualized and group therapies and other services which facilitate successful social, community, and vocational reintegration.

We understand how a setback can have a significant impact on individuals and the people around them.

That's why, drawing on the expertise of Chedoke-McMaster Hospitals, our programs bring together a team of specialists in all aspects of rehabilitation.

PARTNERING POSSIBILITIES

The Hamilton and District Chamber of Commerce welcomes inquiries from area businesses wishing to partner with The Chamber in hosting any of a number of high profile, quality community events.

- Annual General Meeting & Reception (March)
- Outstanding Business Achievement Awards (May)
- Ancaster Citizen & Youth Volunteer of the Year Awards (April)
- Dundas Citizen & Youth Volunteer of the Year Awards (April)
- Economic Forecast Dinner (December)
- SoHo (Small Office/Home Office) Show (February)

More information available from JO-ANN (522-1151 ext. 227).

THEY DON'T COST MUCH, BUT THEY DO COST!

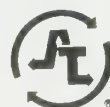

There's a cost associated with printing every listing in this Directory. All Hamilton and District Chamber of Commerce corporate members, highlighted in blue throughout the book, share that cost through their membership in the organization.

Others have been provided with "free listing" in order that they have as much opportunity as possible in an extremely competitive marketplace.

However, that will change in the 1998 Business Directory.

Chamber members will continue to receive their listing, but non-Chamber members will be assessed \$25.00.

We think that's reasonable. We all know there really isn't anything for free. *Further information call: 522-1151 ext. 231.*

ENGINEERED RAILWAY PRODUCTS

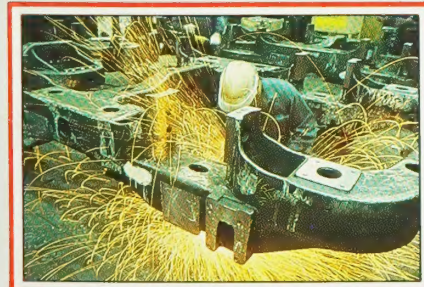

CUSTOMER FOCUSED PROCESS

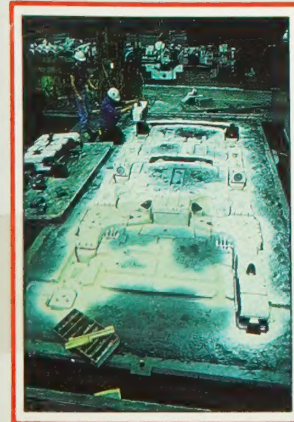

Production Engineering Teams Apply The Latest Solidification Modelling Software To Simulate Casting Prior To Prototyping

Specialized Multi-Axis Machines Provide The Capability To Control Simultaneous Machining Operations In House

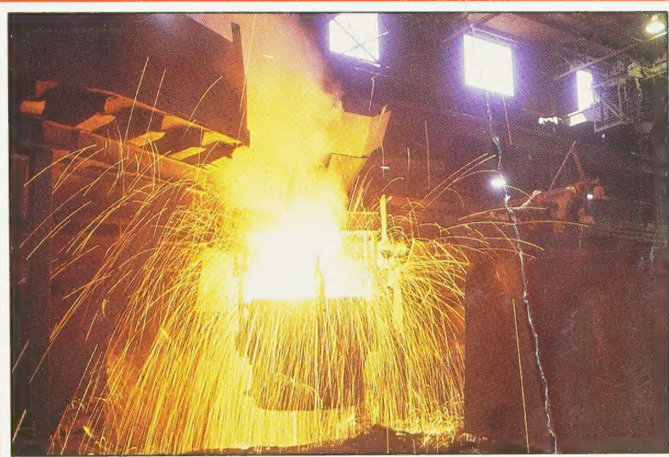

Assembly Facilities Are Available To Provide Finished Components Or Subassemblies

Three Production Lines Provide For Effective Moulding Of Complex Medium To Large Sized Castings

Dominion Castings manufacturing process is designed to meet the demands of our customers rapidly changing markets. Our unique ability to provide large assembled, un-machined and machined railway castings - in high or low volumes with short lead times is unparalleled in the industry. With three distinct product focused processing flows we are able to offer our customers the outstanding capability to provide cost-competitive, high quality castings in a variety of cast steel grades.

State Of The Art Electric Arc Furnaces Provide In Excess Of 216 Tons Per Day Melting Capacity

A Wide Range Of Heat Treating And Quenching Facilities Provide The Capacity To Meet Customer Specified Properties

The cornerstone of our manufacturing is a product focused process that has evolved over the past 75 years. The process is customer focused, utilizes the latest in computer simulation tools, and utilizes specialized equipment and tooling. It is supported by an engineering and technical staff that is responsible for converting customer requirements to an efficient product flow to reduce cost and enhance manufacturability.

The effectiveness of our manufacturing process results in responsiveness to customer requests, a consistent high quality product, excellent delivery performance and constant drive for continuous improvement.
